

STRYKER MSRP: \$6,250

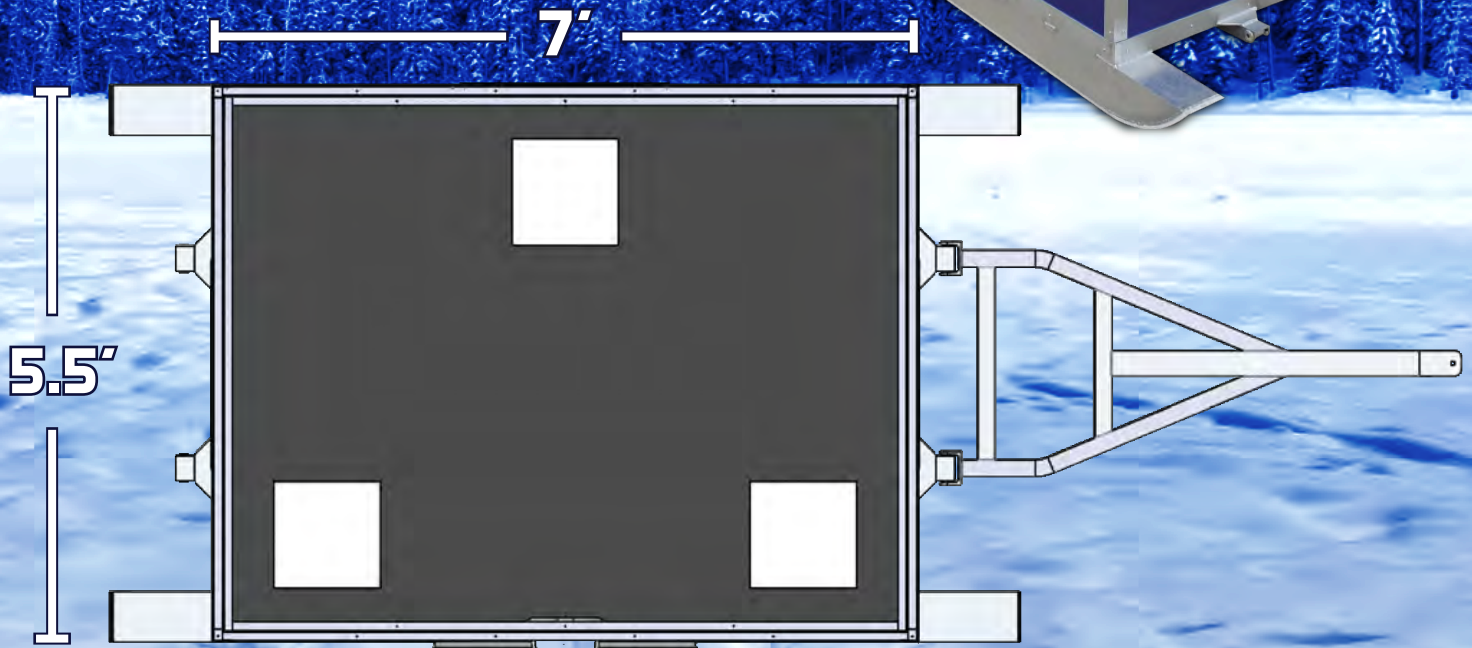

The Stryker Ice House Skid is a one of a kind ice house. Moving to new locations and setting up has never been easier. The Stryker can take you places in deep snow that a wheel house cannot. Featuring a strong chassis and skis, it allows the Stryker to be pulled from either direction for maximum versatility and convenience.

- ▶ BUILT WITHOUT WOOD
- ▶ FIBERGLASS INTERIOR & EXTERIOR
- ▶ NO SEAMS
- ▶ GEL COAT FINISH
- ▶ 3 FISHING HOLES
- ▶ 4 WINDOWS
- ▶ 5½' X 7' LAYOUT
- ▶ STRONG, WELDED, CHASSIS

The all-aluminum frame is built without wood and seams. The aluminum studs are spaced perfectly so more catch covers can be added throughout the house. Weighing only 620 pounds, the Stryker Ice House Skid allows you to get on the ice earlier and later in the season. You can also pull the skid house from either direction which makes moving it faster and easier!
