

SKID HOUSES

QUALITY, COMFORT AND
CREATING MOMENTS THAT MATTER

Ambush SLAYER

The Slayer Skid House is the moment maker. With room for family and friends you will enjoy many years out there on the ice. With multiple hole configurations and options, you can have the skid house that works for you. The strong aluminum frame and chassis coupled with the non-wood construction will provide many years of comfortable fishing.

6.5' X 10' • WEIGHS ONLY 880 LBS

MSRP: \$9,475

The Stryker Skid House allows you to spend more time doing what you love and catch more fish. At only 620 pounds it can get on the ice earlier, stay on the ice later and can quickly be moved to follow the fish. No jacking up, hooking up, packing up, or snow depth limitations. You can move it with a snowmobile or 4-wheeler. The Stryker has all the same features and options as the bigger Slayer, but in a compact size.

Ambush[®] STRYKER
